WHAT IF...
Self-published work (This Manga!):
Love-Drugged into a Threesome

(Spoilers for the Main Story below)
This story takes place after chapter 5 of the Main Story.
In order to draw the ire of the others, Katsuragi (The bespectacled professor Top) drugged Kawasaki (The dark-haired honor student Bottom) and then raped him in front of Baba (The handsome delinquent Top) and then had Baba, who was trying to end things, revive Kawasaki.
Intended as an action to foster the friendship between the two of them, Katsuragi overdid it, angered the delinquent Baba, and was beaten for it. And so the story goes...

In any case,
Even if you have no prior knowledge of the main story, please enjoy this Ero-manga as a self-contained story!!!

AND BACK TO THE MAIN STORY ...

IF THIS GETS OUT I COULD GET INTA BIG TROUBLE, HEY...

I wrote this brand-new manga in order to be included in J.GARDEN's Collected BL Works compilation event.

With that said, this is now my fourth The Gross Teacher self-published side-story!! (With the Honor Student Sex stories being properly published!)

I did the typesetting, the design, communicated with online storefronts, and printers... all by myself!

The Doujinshi!

The Events!

I was so excited when I made plans to write a new story and join the event. The last time I felt this way was Winter Comiket 2019.

Additionally, a number of my digital doujins on Renta and Cmoa reached a readership way beyond my expectations. We're rapidly entering the age where self-published works can be read online by anyone. I can feel the hard-working entrepreneurs from here!
All of this makes me extremely happy as a creative! I also really love working with physical doujinshi as well!

From the beginning while working on The Gross Teacher chapter 5, I thought to myself "Ah, I hope this works out, it'd be great if I could make this moment play out." I was concerned about making each beat consistent with the rest of the story but I was grateful to be allowed to include my writing in the event.
To readers who responded to my Twitter questionnaire and those who sent suggestions to me, thank you very much!

The moment I decided to write this book, the dialogue just came pouring out of me. I just can't help myself, I love these three men!!!

I managed to finish the original draft relatively quickly, but I think I also managed to fill the finished product with all my soul.
It makes me so happy to think that you may enjoy reading this story.
(I hope you'll also enjoy the idol pairing, Yurumu x Mitsuya, in current anthology works!)

And with that, I hope a day comes that I can meet all the readers who enjoy the stories of these three boys and The Gross Teacher!
